**Subject:** RE: Negotiated Rulemaking - Rules for the Reclamation and Reuse of Municipal and Industrial Wastewater, Docket No. 58-0117-1001 - WRITTEN PUBLIC COMMENTS ON DRAFT 2

**Attachments:** Proposed revision to Reuse Rule jrj.doc

Paula - Here is the proposed revision that I said I would draft.

Let me know if you have any questions.

Thanks, Jack

Proposed revision to Reuse Rule

613.02

Current Text

~~Proposed revision~~

b. The concentration of any reclaimed water pollutants or other constituents of concern that may impact the ground water, shall be limited at the point of discharge to a value that will ensure compliance with IDAPA 58.01.11, "Ground Water Quality Rule," and that any existing beneficial uses will not be injured.

Proposed revision

b. The concentration of any reclaimed water pollutants or other constituents of concern that may impact the ground water or surface water, shall be limited at the point of discharge from the wastewater treatment facility to a value that will be determined to ensure compliance with IDAPA 58.01.11, "Ground Water Quality Rule," and ~~that any existing beneficial uses will not be injured~~ IDAPA 58.01.02, "Water Quality Standards."
